SUPERIOR PROTECTION – 99.99% OF GERMS ELIMINATED

Many choose hand sanitisers to fight germs but they only give you protection for up a minute. Forcefield is a superior solution. An anti-viral, anti-fungal and anti-bacterial solution that kills 99.99% of germs, it offers enhanced coverage and long term protection.

Alcohol based sanitisers

The average alcohol-based sanitiser is effective for around 30 seconds to a minute – not to mention the smell and feeling of these nasty products.

- ⊖ Limited to no ongoing protection
- ⊖ Limited ability to kill certain germs
- ⊖ Can cause cracked, dry skin and premature ageing
- ⊖ Can be dangerous if digested
- ⊖ Harmful to the environment
